

## WRRC Info January 2022

Dear Members, Dancers, Officials, Trainers!

Bellow, you can find some important information for the WRRC competition year 2022!

### 1. Registration of dancers, couples and formations

As was announced and presented at the General Meeting 2022 in Warsaw, we have prepared the new WRRC Registration System, which will allow a much faster activation and registration process. In general, we have abandoned the system of double-checking all your input, with only two exceptions: for new dancers, WRRC Office will have to check and verify the antidoping documentation, and for all registered dancers the payments of the registration fees. Everything else will be done by the national administrators: activation of dancers, correcting of eventual changes or typing mistakes in names of dancers, composing the couples and formations. The new system will be activated on February 01, .2022, after we transfer all data from the old to the new system.

The Registration process will start with the Fast Registration Protocol (FRP), where you will have the opportunity to activate your dancers, couples and formations in three simple steps (activation of existing couples, formations and dancers), and immediately conclude the registration process by creating the invoice for the registration fees. The Fast Registration Protocol will stay active during the whole year, again allowing faster and simpler activation and registration of existing non-active competitors.

We have noticed that some National Federations have a large number of inactive competitors (dancers, couples, formations) in the database. If they are not needed anymore, we recommend that you delete old competitors (especially old formations). This will not affect the existing and archived results – all results are stored in a separate database, and deletion of dancers, couples and formations will not affect the archive database.

## **5. Introduction of the new Boogie Woogie category: Rising Stars**

The following document was uploaded to the Boogie Woogie Rules, based on the discussions and decisions of the General Meeting 2021:

- **Rising Stars Boogie Woogie Regulation – initial version: 1.0, VALID IMMEDIATELY!**
  - From the Abstract of the document:  
*The Rising Star Project is a part of the Expansion Project of the WRRC. To be successful in expanding Boogie Woogie a new category “Rising Stars” will be initiated. The “Rising Stars” category is a competition for the beginners’ level and should encourage new countries to attend with one or several couples the competition form. A dancer can only participate one year (calendar year) in “Rising Stars” before they need to follow WRRC BW Rules (junior, main, senior). A dancer that changes partner during the year, will still only be able to participate in this class inside the same year. These Regulations are showing in general the important topics of dancing Boogie Woogie. Some rules are identically equal to the Boogie Woogie Regulations V 2.7. The aim to have one paper for “Rising Stars” was in the foreground. The Guidelines for judges can be used for deeper information.*

The BW Rising Stars regulations are valid immediately since they do not present any significant changes in the existing Boogie Woogie regulations. They are a clarification of the new category in the Boogie Woogie discipline. All organizers of the Boogie Woogie competitions this year can apply for this as an additional category. During the year 2022, there will be no special Tournament fee for this category!
